

SchoolSpeak 101

A free online webinar for parents and carers

Do you ever wonder what some of the words teachers use mean? Things like syllabus, curriculum, KLA, summative assessment? Let us give you a quick 'lesson' in 'schoolspeak'!

Learning the 'lingo' of school will help you talk to your child and teachers so you can best support your child's learning.

Find out about scope and sequence, how curriculum develops, what NESA does, NAPLAN, what's different about the new K-12 curriculum and how you can work with the school to improve your child's achievements and wellbeing.
